Team work and solidarity

Camaraderie spirit, mutual assistance and team support ! For over 20 years, Rally participants have enjoyed amazing and safe flying experiences with Rally teammates working together to insure the safe flying for all aircraft, from the slowest to the fastest.

The group of participants and committee, together, will determine when it is best to Fly but the captain always makes his/her decision at the end.

Scout strategy: sending faster aircraft ahead relaying weather conditions has always proven to be best way to keep everyone safe and together. Participants diverting from intended route for other reason than safety, mechanical, health reasons, will be excluded from the group and their participation will be terminated with no refund.

The Organizing Committee reserves the right to disqualify (without refund) a team or member of a team representing a risk, and this, to ensure the safety and the well-being of all in the group.
